WORK EXPERIENCE

Government of Cantabria | Statistician

2021 - 2023

Responsibilities: In this role, I conducted advanced statistical analyses and managed large administrative datasets to support evidence-based policymaking. I developed forecasting models and evaluation tools applied to health, education, and public finance, while collaborating with multidisciplinary teams to design, implement, and monitor public programs. In addition, I produced technical reports and policy briefs aimed at informing decision-making processes at the regional government level.

Universidad Loyola | Assistant professor

2020 - 2021

Responsibilities: At Universidad Loyola Andalucía, I taught undergraduate courses in International Economics (B.A. in International Relations) and Economic Policy (B.Sc. in Business Administration), as well as the course Applications II: Case Studies in Business Administration. My responsibilities included preparing and delivering lectures in both Spanish and English, coordinating coursework, and assessing student performance. I also served as a member of undergraduate thesis committees, providing academic guidance and evaluation. Alongside teaching, I contributed to the university's research environment in applied economics and policy analysis.

University of Cantabria | Predoctoral Researcher

2015 - 2019

Responsibilities: During my doctoral training, I worked as a predoctoral researcher in Applied Economics, managing and contributing to research projects at both the national and European levels. I participated in the EU Horizon 2020 project CITADEL (Empowering Citizens to TrAnsform European Public Administrations), as well as several Jean Monnet initiatives focused on finance, institutions, and European integration. Alongside project management tasks, I developed my doctoral thesis titled Essays on Citizens' Economic Behavior in Services of Public Interest: A European Union Perspective, which examined behavioral dimensions of citizens' interaction with public services across EU member states.

Spanish Red Cross | Lifeguard

2015 - 2019

During the summer seasons, I worked as a certified aquatic lifeguard for the Spanish Red Cross in maritime rescue services across Cantabrian beaches. My responsibilities included ensuring the safety of beachgoers, providing first aid, and supporting emergency response operations in coordination with maritime authorities. This experience strengthened my teamwork skills, responsibility under pressure, and ability to manage high-stress situations.
